SYNERGY TECHNOLOGY CO., LTD.

9/110 Moo 5, Phaholyothin Rd., T.Klongnueng, A.Klonghuang, Pathumthani 12120 Thailand

Synergy Technology is a provider of product realization solutions to electronic manufacturers, Our products from Solar Product, LED, PCB and services range from PCB design, components, mechanical sourcing (IPO) and Project Management, We and our strategic partners are determine to collaboratively deliver high standard services to valued customers.

### 1. Electronics Engineer

#### Qualification:

1. Male or Female, 25 years old or above
2. Bachelor's Degree in engineering fields.
3. Experience 2-3 years in PCB CAD software, Knowledgeable to transform/ create schematic diagram, component list, foot print, and automatic routing process in PCB CAD system and Manufacturing or related
4. Knowledgeable for critical routing of PCB design due to noise reduction, EMC, High voltage, creepage distance, High current trace.
5. Knowledgeable to comply high utilization of standard size of pre-preg material, to minimize cost of PCB
6. Willing to work hard and able to work well under pressure.
7. Able to drive a car with own licence and good English communication both writing and speaking.

#### Job Function:

1. Responsible for organizing all technical Electrical -related product design activities necessary to bring a product from concept to mass production.
2. Supervise the Electrical Design team and the PCB Design & Design Library teams.
3. Coordinate the Firmware & Software Design, Mechanical Design, Design Verification Testing, and New Product Introduction.
4. Support detailed architecture development, functional modeling, complete product design through design verification testing.
5. Ensure that all Electrical Design projects deliverables are completed on schedule

**2. Sales Engineer/Executive**

**Qualification:**

- 1. Male or Female, 25 years old or above
- 2. Bachelor's Degree in Engineering fields or related fields.
- 3. Experience 2-3 years in Electronics Industry.
- 4. Strong in communication skills / presentation skills / approaching skills / negotiation skills
- 5. Able to work independently as well as being a good team player
- 6. Good command of English & computer literacy and program AutoCAD.
- 7. Own car with valid driving license will be advantage.
